The ‘Laptop Contract & Acceptable Use Policy of ICT’ agreement, which was signed at the beginning of the year applies whenever students are using Para Vista Primary School information technology equipment or services. Student access to, and use of, Para Vista Primary School the IT System must be:

- only for school use and with regard to subject work
- in accordance with the information contained in this user agreement

The policy and agreement, along with any additions and amendments, will remain in force as long as a student is enrolled at Para Vista Primary School. If it becomes necessary to add to, or amend the policy, parents and students will be advised in writing.

Parent/Caregiver Agreement

I have read and understood the Para Vista Primary School ‘Laptop Contract & Acceptable Use Policy of ICT’ agreement, and understand that student access is granted for educational purposes according to the conditions stated in the policy.

I understand that the internet is a global network and that Para Vista Primary School will monitor student use of the internet, but it is not able to completely control the content or restrict student access to all controversial materials. I agree that I will not hold the school responsible for any material encountered on the internet.

I am aware that the devices provided to students remain the property of the school and will be subject to a thorough inspection by school staff at any time.

I am aware that any costs associated with the repair or replacement of information technology equipment that has been damaged due to negligence, abuse or maliciousness either at school or home by my child will be borne by me, the parent/caregiver. I am aware that my signing and returning of this form constitutes a commitment to pay such costs, and that Para Vista Primary School’s policies relating to the recovery of debts will apply. If I terminate the enrolment of my child, they will be expected to return the laptop and charger within 3 days, or I will be billed for the full amount.
