Every child is unique and capable:

We believe every child brings special strengths, ideas and interests to our preschool community and are trusted as active participants and decision makers.

Learning through Play:

Play is the foundation for children's learning. We create an environment that promotes exploration, curiosity and discovery, building confidence and creativity.

Caring for Country:

we come together to connect, learn and grow every day on the traditional lands of the Kurna People. We learn to care for each other and look after the world around us.
